ADJUSTMENT IN RATE DUE TO COST OF FUEL:

Subject to the applicable provisions of Section 94G of Chapter 164 of the General Laws, there shall be an adjustment in rate due to cost of fuel as provided in the Company's Fuel Expense Adjustment Clause in effect from time to time.

MINIMUM MONTHLY CHARGE:

The minimum charge is the customer charge.

MISCELLANEOUS CREDITS:

Transformer Ownership Credit: If the service transformers and associated equipment, except metering, are furnished by the customer, a credit shall be applied to the bill equal to \$.20 per kW.

Metering Credit: The Company may meter the electricity delivered to the customer on the higher voltage side of the service transformers, in which case the number of kWh so registered shall be reduced by two (2) percent.

TERMS:

The Company's Terms and Conditions in effect from time to time, where not inconsistent with any specific provisions hereof, are a part of this rate schedule.

TERM OF CONTRACT:

Customers served under this rate must provide the Company with two years prior written notice before: (1) purchasing, allowing to be purchased, or using electricity from any source other than the Company; or (2) installing or allowing to be installed for its use a non-emergency generator with a nameplate capacity greater than that in place on the Customer's location as of June 1, 1994. Also, customers receiving service under this or superseding rate schedule may not change to another rate schedule within the first 12 months of the service.
